

Wilderness Canoe and Kayak Tours Down the Brandywine River

Come discover the Historic Brandywine Valley by canoe, kayak, or float tube. The Brandywine River is an excellent river for first-timers or group trips because of its meandering and gentle flow. You will be taken to the river, dropped off in your canoe, kayak, or tube, and picked up before 5p.m. at the take-out and brought back to the shop's location.
