

Philadelphia Zoo Try-Its

*All programs start at 10:00 am

Eco-Explorer

Daytime Workshop: Call to schedule for next year. Fee: \$22.00 includes Zoo admission

Ecology is the study of how plants and animals live together in the environment. Brownies will spend the day exploring the zoo, creating a habitat, making food chains and building a birdfeeder. The activities that occur throughout the day will help the girls complete and receive their Eco-Explorer badge.

Plants

Daytime Workshop: Call to schedule for next year. Fee: \$22.00 includes Zoo admission

Plants give us food, help us build houses, make medicines and even help us breathe. Brownies will explore the zoo on a leaf hunt, make plant rubbings, learn about the parts of a seed and start their own seed race.

Earth is Our Home

Daytime Workshop: Call to schedule for next year. Fee: \$22.00 includes Zoo admission

Making the earth a better place to live is everyone's responsibility. The Earth is Our Home badge workshop is full of activities that will help the Brownies become caregivers of the earth. While spending the day at the Philadelphia Zoo the girls will make a draft stopper, learn how to feed wildlife, learn about natural cleaning products and start on their recycling project.
