2012

# Summer Camp 2012: More Than You Think!

Girl Scouting is entering its 100th year in 2012, which has been designated “Year of the Girl.” We strive to evolve our programming as our culture evolves to meet today’s girl’s needs. Girls today want experiences that give them the opportunity to try something new, feel confident and face their fears. Girl Scouts of the Chesapeake Bay (GSCB) offers summer camp programs that present these opportunities to our campers.

GSCB camps have a solid commitment to understanding and applying strategies that work best with girls. Whether paid or volunteer, we specifically hire those with experience in Girl Scouting so they have a passion for working with girls. Programs are designed to give girls the opportunity to learn through fun, imaginative and exciting activities. These activities help develop a strong sense of self, critical thinking skills, working in cooperation with others, developing relationships and becoming problem solvers.

You may see that many of our camps’ prices are far lower than our competitors. We do this because we want ALL girls to experience our camps. We also offer scholarships and discounts to campers to ensure that all families who need the support can receive it. Each program provides both emotional- and skill-based progression. We want every girl to walk away from camp wanting more—forever changed, with lifelong friends she will never forget.

Join us as we celebrate the centennial summer of the Girl Scout movement and you will see why there is ... **More than you think!**

# General Information

**W**ho can attend our camps? **ALL girls, not just Girl Scouts** are welcome to attend. There is a \$12 fee due at registration for campers who are not currently registered Girl Scout members. This \$12 fee is due in addition to the \$50 deposit.

**A**ccreditation All camp programs meet standards of health, safety and program excellence set by the Girl Scouts of the USA (GSUSA). Camp Grove Point is accredited by the American Camp Association (ACA). Both Camps Grove Point and Todd are certified youth camps licensed by the state of Maryland.

**C**amp Staff Girl Scouts of the Chesapeake Bay is dedicated to hiring professional, nurturing camp staff and volunteers. Our staff are carefully selected from applicants from all over the world. They are chosen for their maturity, program design abilities, experience and interest in the outdoors. All staff attend training involving camp skills, Girl Scout program, safety, emergency procedures and youth development. Staff are certified in appropriate areas to fulfill state, ACA and GSUSA requirements.

**H**ealth and Safety Your camper's health and safety are our first priority. All programs are planned and staffed according to the high standards of the ACA and GSUSA. All staff are certified in first-aid and CPR. If your camper has any allergies or health concerns, please contact the Director prior to camp.

**C**amper Behavior Camp life is an excellent opportunity for girls to live and work together. It is the camp staff's responsibility to ensure that girls find productive ways to work through their differences. However, if a girl is finding it too difficult to follow the behavioral agreements set by the camp, she may be asked to leave. It will be the parent's or guardian's responsibility to pick up their camper when notified. **No refunds** will be issued if a camper is sent home for behavioral issues.

**R**efunds and Cancellations Written cancellation notices and requests for refunds for the balance of the camp fee must be received at least four weeks prior to the beginning of the scheduled camp session. If you register less than four weeks before a session starts, there will be no refund. Deposits are non-refundable. Refunds are not typically given for a child arriving late, leaving early or attending only part of the week prior to her session at camp. In the case where we ask a camper to leave early due to illness or injury we will then pro-rate the amount paid including only the time the camper was at camp, excluding the deposit. If your child has an illness or injury up to one week prior to her session at camp, a written explanation from a physician is required to receive a refund of any money paid beyond the deposit. If GSCB must cancel a session, a call to the parent/guardian will be made to discuss placement in an alternate program.

**F**inancial Assistance Camp financial assistance, or "camperships" are available to help offset campers' costs. Campership Financial Assistance Applications (pg. 10) must accompany the Summer Camp Registration Form. All registrations for camperships must be received by May 1, 2012. If you are paying for camp, you may be eligible for a dependent care credit on your federal income tax form. Contact your tax advisor for additional information. The following friends of Girl Scouts help to make financial aid possible: United Ways and Funds, local government agencies, service organizations, businesses, corporations, foundations and individual donors.

**S**wimming Evaluation At the beginning of each session (where swimming is available,) our aquatic staff host a swimming evaluation for all campers. This is a non-threatening, non-competitive activity designed to evaluate each camper's swimming ability and comfort level in the water. All swimming levels are welcome at camp.

**S**leeping Arrangements Campers live together in groups based on their grades and programs. We have a range of accommodations including:

- 4-person platform tents with wooden floors and cots. This is a favorite of many and a traditional element of Girl Scout camps everywhere. The majority of campers will live in traditional platform tent units.
- 4-person adirondack shelters with three walls, a fourth screen wall and bunk beds.
- 8 to 10-person modern cabins with electricity, air conditioning, a common room and "slumber party" style sleeping in bedrooms with cots.

**F**irst and Second Choice Be sure to list two choices on your registration form. If the first program choice is full, we will place the applicant in their second choice program.

**C**amp Fees Full balance for camp is due four weeks prior to the start of your camper's session. For registrations that arrive after this time, please send full payment with registration.

**T**rading Post The Trading Post is GSCB's camp store at Camps Grove Point, Sandy Pines and Todd. Campers may purchase t-shirts, patches, stationery and other items. A deposit in your camper's name enables her to make purchases from the Trading Post without the worry of handling money. Trading Post commitments will be converted to Bay Shop gift cards. The average deposit is \$20. See pg. 10 for details.
