

KOALA POUCH PLATE

What You'll Need:
Two paper plates

Koala Ear Template

Markers or Crayons
(gray and black)

Scissors

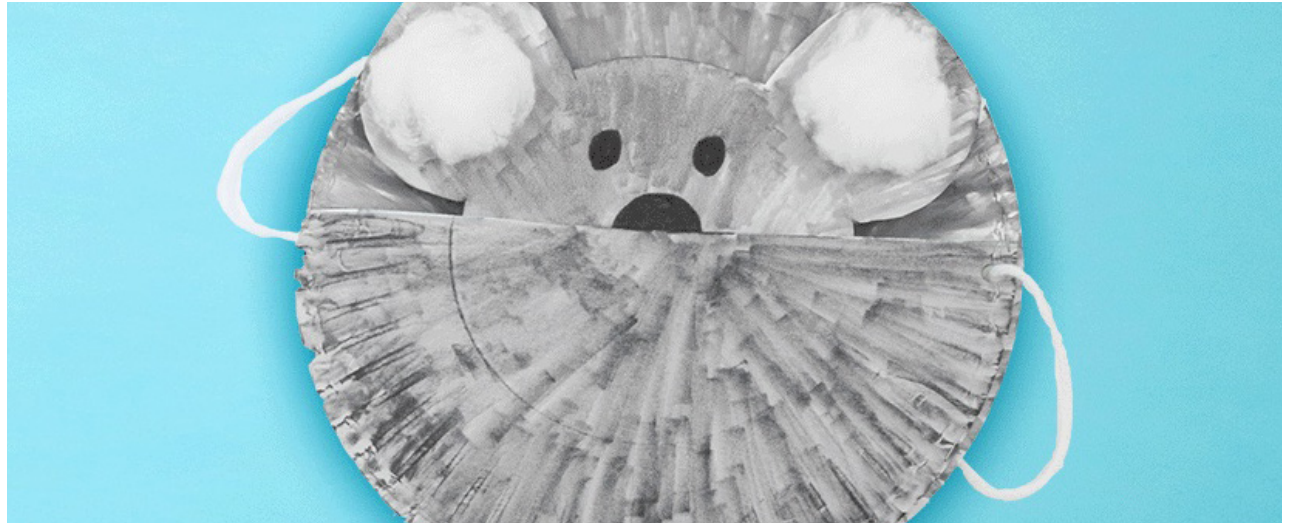

Tape or Glue

Cotton Balls

String

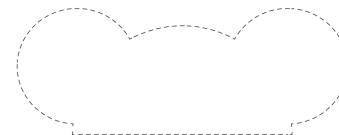

Stapler

Hole Punch

Step 1: Color the bottoms of the two paper plates with the gray marker.

Step 2: Cut one paper plate in half. On one of the halves, trace the Koala Ear Template and cut it out.

Step 3: Draw eyes and nose on the koala face with the black marker. Then, tape or glue cotton balls to both of the ears to make them look furry.

Step 4: Tape the koala head to the back of the other paper plate half. (The gray should show on the same side.)

Step 5: Match up the round edges of both plates and staple together.

Step 6: Punch a hole on the right and left side of the plates. Thread string through the holes so you can wear it around your waist.
