Did you know?
If you have some money, what do you do with it? Do you go spend it right away now? You have a few choices you can make!
You can...
• Buy little items—This could be buying a toy, or treat.
• Buy big items—This would be something bigger that you need to save for. It could be a new bicycle, new dress, or video game.
• Make a Donation—A donation to a charity is a great way to help other people and animals!
• Save for the future— Saving your money is a **smart money move**! Then when you need it, you’ll have it.

We are going make **smart money moves** and take a cookie box and make your very own bank! Grab your favorite flavored cookie box and lets do this together!

What you need:
• Cookie box
• Scissors
• Glue/tape/glue dots
• Pencil

Steps:
1. Cut the box in half, leaving one side longer than the other. You can use your pencil to mark the height of your bank. You will want to cut everything except the one longer side.

2. Put the bottom of the box together. Use tape or glue to hold the tabs down.

3. Take the longer side and fold it down over the box. Use a pencil to help you know where to fold.

4. Use tape or glue to keep the folds in place.

5. Cut a slit in the top of your bank so you can insert your money.
